

# HOW TO USE

# Writing MINI-LESSON VIDEOS

**Dear Rockstar Teachers,**

The best way to use the FREE version of this resource is to have your students sign up with their email or their parent's email. You can assign a lesson and they can watch it on their account. That way one account won't get overloaded. Also, it is set up as a course, so each video they watch will get checked off. It will show them their progress. If all students were on the same account, it could get confusing with videos being checked off.

If you have any questions, please contact my team at [info@rockinresources.com](mailto:info@rockinresources.com)

You got this!

*Pam*
